Incoming Kindergarten

Jumpstart to Kindergarten

- After your child is screened for kindergarten, you will have the opportunity to enroll your child for summer school.
- Kindergarten Online Enrollment
 - April 2, 2019
- Kindergarten Screening
 - April 15-16, 2019
 - Appointment Only

Incoming 1st and 2nd Graders

☐ Follow the Yellow Brick Road - Mrs. McCoy

We're off to see the Wizard, the Wonderful Wizard of Oz! We will use the story "The Wizard of Oz" as well as some technology to study the ever changing weather. We will be using our math skills to collect data on the weather. We will also be watching the classic movie and then comparing and contrasting it to the book. We may even design and build some "tornado proof" model houses! It's going to be a blast!

☐ To Infinity and Beyond - Miss Todd

We'll BLAST off into outer space and discover new and exciting things about the planets, astronauts, rockets, the sun and the moon. We'll also spend some time stargazing and learning about the different constellations.

☐ Spanish Fiesta with Dora and Diego - Mrs. Smith

Travel the Spanish speaking world with Dora and Diego! You'll learn to speak Spanish and learn about kids from countries all throughout Latin America. We'll play games, dance and listen to music. We'll also take some virtual field trips using technology. We'll do all this and more as we travel through the Spanish speaking parts of North and South America!

☐ Space Exploration - Miss Haynes

Let's explore space together! We'll explore our solar system as we learn about the planets, the sun, and the moon. We'll also learn about some famous astronauts and the different vehicles that took them to space!

Incoming 3rd and 4th Graders

❑ Snorkeling with Miss O - Miss Owings

Have you ever wished you could spend your days under the sea, swimming with the fish and the whales, or being a fish or a whale? If so, you would probably like to know more about Marine Biology, which is the study of living things in the ocean! We'll cover LOTS of ground, I mean water, so grab your snorkel and come on along!

❑ Vacation Around the World - Mrs. McCorkendale

Grab your passport and get ready to travel the globe! We will learn all about traveling the world and decide where our dream vacation would be. We'll immerse ourselves in the cultures of the world, making crafts, playing games, and even trying some new foods along the way. Pack your bags and get ready for the vacation of a lifetime!

❑ Missouri Outdoors - Ms. Robison

Come along as we explore Missouri's Outdoors! We'll look at animals and plants that are native to Missouri, as well as explore various food webs, and life cycles of animals and plants. We'll also learn to read a topographical map, and maybe take a hike! Missouri has some of the most beautiful land in the United States, and our animals and plants are diverse, come along and we'll explore together!

❑ Classroom Campout - Mrs. Ybanez

Come join us as we explore the outdoors! We will set up camp in the classroom, we will learn about the power of the sun as well as other fun facts about the earth and space. We will do lots of cool experiments and stir up some healthy treats! Come join us, it'll be fun!

Incoming 5th and 6th Graders

❑ Mixing It Up - Mrs. Viets

The students will be able to choose what they want to do that day. As a group we will make our schedule. All materials will be provided for all sections. They will be able to choose from several different activities. They will build with a variety of building materials; Plankos, Legos, Mindstorm Simple Machines, Mindstorm Robots, and more. Students will learn to play the piano. They will learn at their own pace and then they will perform in a recital at the end of summer school. Their family and friends may attend this. Cooking... who doesn't like to read recipes and then enjoy the finished product. This will include outdoor dutch oven cooking, grilling, solar cooking, cake decorating and traditional cooking. Students will also be able to play with board and card games of their choosing, anything from Yahtzee to chess and everything in between. That is why the class is called "Mixing it Up" something for everyone.

❑ Asian Experience - Mrs. Johnson

My class will "travel" through Asia exploring different cultures as well as experiencing music, arts, and games that others across the ocean enjoy everyday.

❑ Say Hola to Spanish - Senora Dickson

Join us and learn some basic espanol.. We'll learn greetings, numbers, alphabet, colors, animals, etc. We'll also study the various Hispanic countries, and learn about their various cultures. There will be lots of crafts, music, games, dances, videos and LOTS of FUN!!!

❑ You Can Be a Star - Mrs. McClurg

YOU will star in a humorous or dramatic scene with others. YOU will learn acting secrets that only stars know. YOU will learn many makeup tricks known only to actors/actresses and makeup artists to make scars, look like an animal, look like a very old person, or look like you have a mask on when it is only makeup, etc. YOU will create a children's play with others, design the set, create props and costumes, and could present the play to other students.

❑ Splash Into STEM - Mrs. Howe

Splash in Science, Technology, Engineering and Math! We'll do a daily experiment, as well as fascinating STEM projects and will also complete an introduction to Coding! Our experiments will be meaningful and hands-on and lots of fun! Come on along and we create a splash into STEM!
